Biden Admin. Sends Millions to Religious Nonprofits Facilitating Mass Illegal Migration

A CIS examination of one subset of 200-plus NGOs helping a mammoth UN-led immigration assistance project reveals pass-through taxpayer funding of the worst mass migration in U.S. history

AUSTIN, Texas — As the Center for Immigration Studies recently reported, a United Nations-led “Regional Refugee and Migrant Response Plan (RMRP)” calls for more than 200 nonprofit groups to dole out \$1.6 billion in cash debit cards, food, clothing, medical treatment, shelter, and even “humanitarian transportation” during 2024 to millions of U.S.-bound immigrants in 17 Latin American nations and Mexico.

AG Ken Paxton sues El Paso nonprofit, accuses it of aiding illegal immigration

EL PASO, Texas — Texas Attorney General Ken Paxton is suing a Catholic nonprofit organization that provides shelter to migrants at the U.S.-Mexico border in El Paso after the organization did not immediately turn over client records. Paxton is accusing the organization of harboring and transporting migrants across the border.

In a statement, Paxton accused the nonprofit of “facilitating illegal entry to the United States, alien harboring, human smuggling, and operating a stash house.”

“The AG has now made explicit that its real goal is not records but to shut down the organization. It has stated that it considers it a crime for a Catholic organization to provide shelter to refugees,” the organization wrote.

“What if we created a place for people traveling through with no place to stay? A shelter? A safe house?”

“What would that look like? It might seem like a pipe dream, but not for long. Soon, we will create such a place”.
